Part I-Overview of the report

Introduction

The Bhutan Civil Service Statistics Report 2024 presents a comprehensive overview of the civil service workforce as of 31st December 2024. It provides insights into various aspects of civil service employment, including recruitment, promotions, workforce distribution across agencies, and employment types. The report also examines staffing patterns in Dzongkhags and Thromdes, providing a comparative analysis over the past five years.

The report includes data on human resource actions such as long-term training, secondment, and extraordinary leave. With a total of 52 tables and 15 graphs, it offers a detailed statistical representation of Bhutan's civil service workforce.

Overview of Civil Service Growth

As of 31st December 2024, the total number of civil servants in Bhutan stands at 29,723. This includes 24,036 regular civil servants, accounting for 80.87 percent of the total workforce, while 5,687 are employed on contract, making up 19.13 percent. Over the past decade, the civil service has grown by 12.93 percent compared to its size in 2014. In the last year alone, there has been an increase of 4.6 percent in the total workforce compared to 2023.

The share of civil servants employed under Dzongkhag and Thromde administrations has averaged 55.23 percent over the past five years. In 2020, this figure was 59.68 percent, rising to 60.71 percent in 2021 and peaking at 61.89 percent in 2022. However, in 2023, the percentage declined to 54.64 percent and further to 54.22 percent in 2024.

Demographic Breakdown

As of December 2024, civil servants constitute 3.82 percent of the total population of Bhutan. The ratio of civil servants to the general population stands at 1:26, compared to 1:27 in 2023.

In terms of sex representation, there are 12,160 female civil servants, which accounts for 40.91 percent of the total workforce. This reflects an increase of 0.88 percent from the previous year. The highest concentration of female civil servants is in the Education and Training Services sector, with a total count of 5,129 civil servants. This represents 17.26 percent of the total civil service and 46.26 percent of the Education sector's workforce. The Medical and Health Services sector employs 1,994 (16.40%) female civil servants, while the Administration and Support Services sector employs 1,449 (11.92%).

Regarding age distribution, approximately 69.19 percent of civil servants are below the age of 42. Within this group, 24.94 percent are under the age of 30. The median age of civil servants

remains at 36 years. The largest proportion of civil servants, numbering 5,856, falls within the 30 to 34-year age group, representing 19.7 percent of the total workforce. This is followed by 5,371 civil servants in the 35 to 39-year age group, comprising 18.07 percent of the total.

Employment Categories

The civil service is structured into four position categories. As of December 2024, there are 315 civil servants in the Executive and Specialist category, accounting for 1.05 percent of the total workforce. The largest segment of the workforce, comprising 14,488 individuals or 48.85 percent, falls under the Professional and Management category. The Supervisory and Support category includes 12,661 civil servants, making up 42.5 percent of the workforce, while the Operational category accounts for 2,259 civil servants or 7.6 percent.

Bhutan's civil service also consists of major occupational groups. The Education and Training Services sector employs 11,088 civil servants, representing 37.30 percent of the total workforce, making it the largest occupational group. The Medical and Health Services sector employs 4,153 civil servants, constituting 13.97 percent, while the Administration and Support Services sector employs 4,107, making up 13.81 percent of the total workforce. The Foreign Services sector, on the contrary, has the smallest representation, with only 68 civil servants, accounting for 0.22 percent.

Workforce Changes

Between January and December 2024, a total of 3,645 new civil servants were recruited. The highest number of new employees, totaling 1,270, were recruited into the Education and Training Services sector. The Medical and Health Services sector followed, with 695 new recruits, followed by the Administration and Support Services sector, with 350 new recruitments.

During the same period, 4,233 civil servants were promoted. This included 60 promotions within the Executive and Specialist category, 2,066 in the Professional and Management category, 2,024 in the Supervisory and Support category, and 83 in the Operational category.

The civil service also experienced separations, with 2,013 employees leaving between January and December 2024, including 1,400 voluntary resignations, 260 contract completions, 153 joining as regular civil servant, 73 superannuations, 50 deaths, 26 administrative discipline terminations, 19 compulsory retirements, 31 withdrawal/cancellation of appointments, and 1 separation by order.

While the total number of separations is 2,013, it is important to note that not all employees entirely exited the system. For instance, 153 contract termination is change of employment type from contract to regular and not separation, indicating that some separations do not involve physical separation of employees. Additionally, separations due to contract completion are vacancies filled by regular or cessation of the positions and does not indicate leaving the civil

service by choice. This highlights the dynamic nature of workforce management in the civil service, where separations may not always equate to a complete departure from the system and are often balanced by recruitment and reabsorption processes.

Human Resource Development

In 2024, a total of 181 civil servants participated in long-term training programs. Out of this, 117 were enrolled in the Master's degree program and 42 in the bachelor's degree program. RCSC administered 437 Short term training in 2024. Additionally, 102 pre-service undergraduate scholarships were administered during the year.

As of 31st December 2024, 123 civil servants were seconded. Extraordinary leave was availed by 465 civil servants, with the highest number, totaling 93, at the P3 position level. This was followed by P2 level, recording 87 employees on extraordinary leave.

International Volunteers

As of 31st December 2024, there were 30 international volunteers working in Bhutan's civil service. Of these, 17 were from the Japan International Cooperation Agency (JICA), seven Australian volunteers, four volunteers were Friends From Thailand (FFT), and two were Fulbright Scholars or Specialists.
